PROFILE

I'm a B.Tech CSE who is skilled in C++ programming, Front-end development, and currently practicing skills to be a full-stack developer. I Love to solve problems, Also passionate about theatre and writing as it has the power to connect people.

I want to be a part of an organization where I can learn and work with like-minded people on real-world projects and apply my skills to solve the same. My competencies are:

COMPETENCES

Strongest Areas C++ Programming
Front-End Development

Languages and Tech

C++, HTML, CSS, JavaScript, ReactJS, SQL, C#, OOPS, Data Structures, Operating Systems, Google Qwiklabs

WORK EXPERIENCE

DIGITAL GURUJI

Technical Research (Intern) Nov, 2021- Jan, 2022

- Wrote code, aptitude problems, and build practice problems that other engineers will solve.
- Worked on how-to guides, website help sections, and other content that distills technical information with ease and clarity.

EDUCATION

UTTARAKHAND TECHNICAL UNIVERSITY

Bachelor of Technology - Computer Science
2019-2023 **CGPA- 8.07**

PROJECTS

TIME TABLE MANAGER (WEB APPLICATION)

- Developed a fully functional website using technologies like HTML, CSS, JavaScript that generates an automatic timetable when given raw details.
- <https://tulascse.epizy.com>

CREDIT CARD VALIDATOR (C++)

- An application that uses Luhn's algorithm to validate a user's credit card. The program works for all popular cards like Visa, Amex, MasterCard, etc.

POSITION OF RESPONSIBILITY

Vibgyor Tula's Institute

Member of the head editing team for the College's Annual Magazine.

Core member of the theatre club and badge holder of the public relations team looked after the activities like event planning, sponsorship, and content creation.
